WILL REST BESIDE BODY OF HUSBAND

Funeral services will be held Saturday morning at 8:30 at St. Patrick's Catholic church over the remains of the late Mrs. Catherine Schoen. The body will then be taken to the depot and conveyed to Leadville, Colorado, where it will be interred beside the body of her husband, who died four years ago. The remains will be accompanied to Leadville by her daughters, Mrs. James Blair and Miss Catherine Schoen.

D. ASPLAND, general agent for the Tonopah and Tidewater railroad, with headquarters at San Francisco, arrived from the coast on this morning's train and continued on to Goldfield.

Regular Saturday night dance at Miners' Union hall. Hats checked free. Admission free. Dances 3 for 25 cents. No objectionable features. Adv. F2413

BUTLER-WEST END CASE BEFORE COURT

The supreme court took possession of the senate chamber in the state capital building this morning for the purpose of hearing the famous mining case of the Jim Butler versus the West End Mining company. The chamber was quite filled with attorneys representing both sides and spectators, among whom there were a large number of ladies, says the Appeal.

Judge C. H. Lindley of San Francisco on behalf of the Jim Butler company, commenced his argument this morning. The case is one that is exciting a great deal of interest among attorneys and mining men, not only on account of the large amount of money involved, but the technical questions of law in the determination of the apex theory. The ablest attorneys in mining law in Nevada, California and Utah are engaged in the suit and it no doubt will occupy the attention of the court for the balance of the week. The models and exhibits, which have been introduced in the case, are wonderful in their making and show every portion of the mines and workings that are under the question in the big suit.

ARTEMISIA WILL BE A GREAT NUMBER

PROF. WALKER WILL HANDLE TONOPAH END OF U. OF N. ANNUAL

The Artemisia, a year book published by the junior class at the University of Nevada, is now in the course of construction, and local alumni of the university are very much interested in its success. Each edition is a history of the year's progress, along all lines.

The junior and senior classes are honored by individual portraits, and a record of attainments while in college. Each organization and department has a specially edited section. Much stress being laid on the chance snapshots and joshes that live in its pages.

The book is primarily a boosting advertisement for the university, and as such, the business men and other public spirited citizens throughout the state are asked to help along by purchasing space in its columns.

The local territory has been given over to Tom Walker, as representing the alumni of this section, in the interests of the 1916 Artemisia.

MINERAL COLLECTION AT MINING SCHOOL

CHEMISTRY WILL SHORTLY BE FOLLOWED BY COURSE IN MINERALOGY

The mineral collection which was recently purchased by the Tonopah School of Mines has been installed in the chemistry laboratory of the school at the old high school building. The public is invited to visit the school and inspect this fine collection. There are six hundred mineral specimens, together with sixty rock specimens, in the lot. These minerals have been collected from all parts of the world.

The chemistry course will soon be completed, after which the students will take up mineralogy. This course should appeal to the prospectors of this district, who are invited to attend the school.

DEER SEEK REFUGE

P. M. Arnett has returned from Aspen, Colorado, where he accompanied the body of his nephew, David E. Arnett, for interment. Mr. Arnett says the depth of snow in Colorado is almost unprecedented. Deer and other wild animals are forced down from the hills, even entering the towns. While he was at Glenwood Springs two deer came out of the mountains and, when pursued by boys, one of them jumped into the swimming pool, where it was easily captured. It was almost famished.

DELAYED EN ROUTE

A large party of Montenegrins were at the depot this morning to welcome home a fellow countryman who was expected back from the seat of war. He was one of the fifty-eight who left last fall to join the army of the allies. He is now expected back tomorrow.

TEMPERATURE REPORT

Highest temperature yesterday, 49; a year ago, 41.

EMIL SEIDEL, LEADER OF SOCIALISM, HERE

FORMER MAYOR OF MILWAUKEE IN A BRIEF CHAT ON PERSONAL MATTERS

Emil Seidel, formerly Socialist mayor of the city of Milwaukee and the first member of that party to be chosen as the head of such an important municipal government, arrived this morning and will deliver an address on Socialism at the Airdome this evening.

So much has been written about this political leader that little more could be said that would be of interest or give information. He called at the Bonanza office this morning for a brief chat, wherein politics was little discussed. When asked to talk about himself, he said: "So many other people do that, some favorably and others unfavorably, that I have little to add."

"However, I will say that I entered the factories when I was thirteen years of age and for over thirty-five years I was one of the toilers. In 1910 I was elected mayor of Milwaukee and two years later was defeated for reelection by a coalition of all parties."

"I used to notice at may work that people by me, who had been educated abroad, were better workers than I was, for we did not have good trade schools in America at that time. So I went abroad in 1892 and studied the craft of wood carving and designing. I returned a full fledged Socialist. I am what you might term a constructive Socialist. Our creed is to bring about better conditions, to have the people better fed, better housed, better clothed and, most important, better educated."

LAS VEGAS TEAM IS TO PLAY IN TONOPAH

GIRLS' BASKETBALL CONTEST PROMISES INTERESTING ENTERTAINMENT

Friday evening, February 25, the girls' basketball team from Las Vegas will compete with the Tonopah girls in this city.

The Las Vegas girls are a hard team to beat, they have practiced earnestly for some months and have been successful in a number of games played this season. This means that our home team will have to work hard from the moment they enter the field of play until the last whistle is blown.

More interest has been taken in basketball this year than ever before, and an unlimited amount of credit is due to the basketball girls and their coach, Mr. Cross. The girls, by the remarkable playing which they have displayed this season, have painted the town of Tonopah on the map.

Some people may think this "honor" is of little importance, but when they stop to think that in every line of work, or in every occupation of life, when something "big" is accomplished there is always some one who feels proud. So too, with the girls of the Tonopah high school. They have worked hard, they have kept in perfect training, and as a reward, give Tonopah the honor of having a girls' championship basketball team.

This game Friday night will be a great event. It is the last game of the season to be played in Tonopah. If the game Friday night proves to be a success financially, Mr. Cross is planning on taking two teams to Reno. The girls expect to be gone a week and will play at least four or five outside towns.

One thing which always helps a team to come out victorious is to be encouraged by their audience, to know that the public is really behind them, watching every play they make, therefore it is hoped that the public will give their liberal support and be as generous Friday night as they have been in the past. The price of admission to the game will be 50c. No reserved seats.

MR. LYNCH LANDS A FINE POSITION

Thomas J. Lynch, who has been deputy under Sheriff Slavin for a number of months, left yesterday morning for San Francisco to confer with J. J. Scott, the internal revenue collector, relative to the duties of his new position, that of deputy United States internal revenue collector.

Mr. Lynch received his appointment several days ago and will enter upon his duties at once. His district will be the four southern counties of Nevada. The place carries with it a salary of \$2,900 a year and expenses. Tonopah will be Mr. Lynch's headquarters.

FINAL ACCOUNT PRESENTED

In Judge Averill's court yesterday afternoon the final account of the administrator was presented in the estate of the late Earl Lawson, who was killed in the Gypsy Queen mine. The account was confirmed. It shows a small balance, which will be distributed to relatives in Colorado.

CARD FROM MR. BOWLER

Julius Goldsmith, as orchestra leader at Miners' Union hall, has been succeeded by Paul Maguire. Goldsmith has taken a leave on the Airdome, the arrangement being that his orchestra receive 50 per cent of the receipts. My orchestra will be paid the regular union scale, as has been done before.

(Signed) HAROLD BOWLER

PERSONAL

TOM MERHAN is over from Goldfield.

IRA MURDOCK of Goldfield is a guest at the Mizpah.

W. M. VEITH was a passenger for San Francisco this morning.

MISS ALMA WOOD of Manhattan was a passenger on this morning's train for Los Angeles.

MRS. JOE BERRY came in from Manhattan yesterday afternoon and left this morning for the east on an extended visit.

WAYNE G. WILSON, traveling freight and passenger agent for the Southern Pacific company, left for Goldfield this morning.

GUS RAINIER of Tonopah, who is at present matchmaker for the Goldfield Athletic club, is spending a few days in the silver camp.

MRS. HARLAND ACREE and daughter of Millers, who had been the guests of Mrs. John Williams for the past week, returned to the mill town this morning.

CUPID GETS A HARD DEAL AT COURTHOUSE

BOB POHL MUST IMPROVE MATTERS OR HE WILL RECEIVE ANOTHER NAME

Bob Pohl, otherwise known as Robert, but more familiarly as "Cupid," received the last named title because of the facility and grace with which, in his capacity as county clerk, he handed out to love torn swains and damsel the properly attested authority to tie themselves to judge or domineer and get hooked up.

But the little god of love and his namesake have been lacking in diligence recently. Only two marriage licenses have been issued since the first of the year. But that is not all, nor the worst, the records show that Bob has entered eight divorce complaints during the same period.

SPRAGUE MAKES A BIG CONSOLIDATION

One of the largest deals so far consummated in the Oatman field was the consolidation of the Dome mining property with the Yankee and Merritt properties. The consolidated company will be known as the Oatman United company. Mr. Sprague, together with C. Phelps Campbell, came in from the coast last Friday morning and spent three days in camp going over the property. Mr. Sprague will start work on a large scale under the able direction of J. K. Turner, one of the most successful mining engineers and mine managers in the west. Mr. Turner is in Montana at present but will return in a short while to rush the work.—Oatman News.

MONTANA LEASERS GETTING THE GOODS

The ore produced by the tributaries in the Montana-Tonopah mine is now averaging about \$25 a ton. During the past six days three shipments have been made from this property, totaling 190 tons. The lucky leasers that forwarded were Charles Bert, Ritchie and associates and Honey and associates.

SOME SMOKES IN DRY STORAGE

At a meeting of the Ely Typographical union held Sunday last, all members contributed liberally toward a fund to be invested in cigarettes and smoking tobacco to be forwarded to Bill Booth, editor of the Tonopah Bonanza, who was then supposed to be serving time in jail for gross misdemeanor. But while the committee was printing an appropriate label for the bulky package, word was received that the editor had been given his liberty on bond pending an action for retrial. Therefore the "cigs" have been placed in dry storage pending results. If Booth is compelled to serve out his sentence, Ely printers will claim the privilege of supplying him with smoking material during his entire confinement. Bill Booth is an old-time printer, and has always paid the union scale, which in Tonopah, Goldfield and Ely, is the highest in the United States.—Ely Record.

PROF. YOUNG'S WIFE DEAD

The numerous friends of Professor George Young, formerly of the University of Nevada, but now with the University of Minnesota, will regret to learn of the death of Mrs. Young, which occurred Sunday in Minneapolis. The body is being taken across the continent to be buried in Berkeley, Cal.—Age.

WOMAN'S RELIEF CORPS

All members of Gettysburg corps, No. 122, W. R. C. visiting members and Spanish war veterans, are requested to be present at Butler hall, Friday, Feb. 25 at 7:30 p. m., to attend the corps service for our late member, Catherine Schoen, at her home on Florence avenue at 8 o'clock.

By order of the president,
MAYN SCHWEBLE,
Secretary.

Regular Saturday night dance at Miners' Union hall. Hats checked free. Admission free. Dances 3 for 25 cents. No objectionable features. Adv. F2413

If you want the telegraph and local news—try the Bonanza.

AMUSEMENTS

BUTLER THEATER

The program tonight at the Butler will consist of a five-reel Charles K. Harris production entitled "Hearts of Men," a pretty and touching story of school days, written from the famous world-renowned song "After the Ball." The opening scenes are laid in Germany where two young men are shown at work in a perfume factory. One of them has devised an Arabian perfume of great exquisiteness. His friend steals the formula and decamps to the United States. The two men drift apart and only meet again when the thief has grown rich out of the proceeds of the sale of "The Arabian Rose." The poor man demands the money that is his due, which is refused. Thereupon a quarrel ensues. The little children of the former friends appear and fall in love, which further complicates matters. Finally the two former friends become reconciled through the instrumentality of the little children. School scenes are frequent in this photoplay, which is well produced, cleverly acted, and competently cast. The preliminary reel will be Pathe Weekly.

Tomorrow, Theda Bara in "Destruction," and a George Ade comedy.

NOW NEGOTIATING SUMMIT

Auto travel between Manhattan and Tonopah has been resumed, a number of cars going over the summit in the past several days, but for a portion of the distance horses are needed to tow through the deep snow. The Wittenberg snowplow and sleds now have the summit in such shape that heavy trucks will be able to negotiate the road in a few days, when the movement of accumulated freight will be rapid.

MISS EIGHT

A world beauty arrived on this morning's train and was driven directly to H. H. Bacon's office on Main street, where she is receiving the admiration and applause of hundreds of those who are lovers of art beauty and refinement.

Admission free, the town is invited. Adv. F2411
